NOW IN EARLY ACCESS

We're live.

The shop in your bio — for Indian Instagram creators. Flat subscription, UPI payments, your money, your customers.

● LAUNCHING TODAY

SAWPD.SHOP

WHAT WE BUILT

The shop in your **bio**.

Drop the link in your bio. Customers browse products, pay over UPI, and track their order — without a single DM.

→ [sawpd.shop/s/ your-handle](https://sawpd.shop/s/your-handle)

THE PROBLEM

9 hours a week. Lost to DMs.

- ✗ Typing your UPI ID into 40 different DMs.
- ✗ "Did you get my screenshot?" five times a day.
- ✗ No way to track orders. No way to handle returns.
- ✗ Shopify costs the moon. Linktr.ee can't take payments.

One link. Every order.

SAWPD turns your Instagram bio into a real shop — products, UPI checkout, order tracking, returns. **Live in under a minute.**

- ✓ Custom link at **sawpd.shop/s/your-handle**
- ✓ UPI QR per order — your UPI ID, your money
- ✓ Track, verify, ship from one dashboard

From DMs to dispatch

in 3 steps.

1

Drop your handle

Apply with your Instagram handle. We hand-review every shop in under 48 hours.

2

Add your products

Photos, prices, stock. Save as draft or hit publish — your shop is live.

3

Share & sell

Drop the link in your bio. Customers pay via UPI; you verify and ship.

WHAT YOU GET

Everything you need to run the shop.

100% of every sale

No commission. No transaction fee. UPI lands in your account.

UPI-native checkout

Customer scans, pays, done. Your UPI ID, your bank.

One dashboard

Orders, payments, returns, promos. Verify, ship, done.

Track & returns

Order ID + phone. No customer signup. Buyers self-serve.

PRICING

One flat fee.

Stay only if it works.

Pay-as-you-go

₹499 /week

For new shops and seasonal drops. Cancel anytime.

- Up to 50 orders / week
- Promo codes & discounts
- Customer tracking + returns

MOST POPULAR

Monthly

₹1,499 /month

For sellers with regular volume. Save 25% vs weekly.

- Unlimited orders
- Priority support
- Promo codes & CSV export

No card required during early access. Activate free, bill later.

Built for Instagram.

Not retrofitted.

**"It does the work,
so I can design."**

I used to lose half my night chasing DMs and writing UPI IDs by hand. Now the link in my bio does the work, and I get to actually design.
